## Message

**Mrs. Hema Sharma**  
President  
New S D College  
Managing Committee  
Hoshiarpur

Educational excellence is the aim, requirement and pursuit of any forward-looking person. Schools, Colleges and Universities are perfect places to realise the dreams of the pupils who enter the portals of these education institutions. During the span of their stay in the Institution of academic excellence, they interact with their peer group who come from different socio-economic backgrounds. They get a taste of what happens in the society around them. The Tutor gives them insight into the philosophy of life, develops the acumen to gauge the intricacies of life and blends the different situation into the framework of Academics.

In the present scenario of Covid-19 and the looming threat of a possible outbreak of third wave, caution is the watchword, the government agencies can only Guide us to secure our lives by following covid protection protocol. As the future of the nation you need to be strong, vigilant and alert in body and mind. Nation first should be your priority. Always stand for what is right, logical and constructive. Unity and Integrity for the nation should always be at the back of your mind. Excel in your field of specialisation and make it a habit to serve the society from your respective positions. All the very best for your Collegiate period. Carpe Diem.

**Dr. Nand Kishor**  
Principal  
S D College  
Hoshiarpur

Dear Students,

You are the custodian of nation's faith, strength and growth with your health, motivation and forward-looking perspective your biggest asset. As you complete your school education and are on the threshold of joining this institution of higher learning, you will mature in mind and body with the passage of time. Your parents, your society, your perspective, your academic pursuit- all play a pivotal role in your all round development. The emphasis in the present times is to gain expertise in your chosen field of specialisation. The government is providing assistance for start-ups and initiatives like Make in India are opening new vistas for the aspirant youth of the nation. The National Education Policy 2020, on the anvil, has in its fold employability opportunities in commercial and financial practices which are our legacy.

so the focus of the student should be to gain maximum out of their academic spell.

The dictum- *No knowledge without College* truly vivifies the idea behind college education. The moral, spiritual, psychological and academic impulses of the pupils are given a fresh perspective by the college atmosphere. The mentor-mentee relationship brings these impulses in a fresh and favourable light. The teacher and the taught are to develop a harmonious blend where pupil sees the college as his second home even after completion of his studies, retain a living link with his Alma Mater. I welcome you to this premier Co-educational institution of the region and exhort you to utilise fully this time period. *Best of Luck*
