One day workshop on Hardware Assembling

The computer Society organized one day workshop on hardware assembling for the students of BCA -1 (24) on 4th-Aug-2018. The students were given the knowledge about hardware dealing, identification of peripherals and assembling of the same. Prof. Sunil Kumar was key facilitator. He explained in detail the technical know-how of hardware parts such as processing unit, power supply requirement, I/O Parts, drives, RAM details, introducing the basic trouble-shooting, interface cards, external connections, cables and other devices. A Demo was also given by him on how to assemble the computer. This truly helped students to gain a deeper understanding. The workshop was highly commended by all the participants(24)
